

### Safety Plan

A safety plan may only be developed if the safety decision is unsafe and the Child Protection Supervisor has given his or her approval for the development of the plan. **A new safety assessment must be performed and a new safety plan must be written and then approved by the supervisor every 5 working days.**

#### Section II – Safety Threats

**The following marked Safety Threat(s) from the CERAP Safety Assessment have led to the need for a safety plan:**

1.  A caregiver, paramour or member of the household whose behavior is violent and out of control.
2.  A caregiver, paramour or member of the household is suspected of abuse or neglect that resulted in moderate to severe harm to a child or who has made a plausible threat of such harm to a child.
3.  A caregiver, paramour or member of the household has a documented history of perpetrating child abuse/neglect or there is reasonable cause to believe that he/she previously abused or neglected a child. The severity of the maltreatment, coupled with the caregiver’s failure to protect, suggests child safety may be an urgent and immediate concern.
4.  Child sex abuse is suspected and circumstances suggest child safety may be an immediate concern.
5.  A caregiver, paramour or member of the household is hiding the child, refuses access or there is some indication that a caregiver may fleeing with the child.
6.  Child is fearful of his/her home situation because of the people living in or frequenting the home.
7.  A caregiver, paramour or member of the household describes or acts toward the child in a predominantly negative manner.
8.  A caregiver, paramour or member of the household has dangerously unrealistic expectations for the child.
9.  A caregiver, paramour or member of the household expresses credible fear that he/she may cause moderate to severe harm to a child.
10.  A caregiver, paramour or member of the household has not, will not, or is unable to provide sufficient supervision to protect a child from potentially moderate to severe harm.
11.  A caregiver, paramour or member of the household refuses to or is unable to meet a child’s medical or mental health care needs and such lack of care may result in moderate to severe harm to the child.
12.  A caregiver, paramour or member of the household refuses to or is unable to meet the child’s need for food, clothing, shelter, and/or appropriate environmental living conditions.
13.  A caregiver, paramour or member of the household whose alleged or observed substance abuse may seriously affect his/her ability to supervise, protect or care for the child.
14.  A caregiver, paramour or member of the household whose observed or professionally diagnosed or documented mental/physical illness or developmental disability seriously impairs his/her ability to meet the immediate needs of a child.
15.  The presence of violence, including domestic violence, that affects a caregiver’s ability to provide care for a child and/or protection from moderate to severe harm.
16.  A caregiver, paramour, member of the household or other person responsible for a child’s welfare engaged in or credibly alleged to be engaged in human trafficking poses a safety threat of moderate to severe harm to the child.

**Section III – Safety Plan**

Safety Plans may only be developed, based on all reasonably available information/evidence that DCFS possesses, that there is an immediate and unmitigated safety threat that would cause moderate to severe harm to a child unless protective custody was taken. Set forth below is the information that you believe is the basis for taking protective custody and for developing a safety plan with the family.

**NOTE:** Safety Plans should not include a requirement of individual or family therapy or outpatient/inpatient mental health treatment.

1) What actions have or will be taken to protect each child in relationship to the above-indicated safety threat (s)?
2) Who is responsible for ensuring the safety of each child in relationship to the above-indicated safety threat(s)?
3) What must happen in order for this safety plan to be terminated?
4) What estimated time frames have been imposed by this safety plan?
5) Information Pertinent to Care of Child:
Name of child’s doctor:
Emergency Contact information for Parent:
Emergency Contact Information for Responsible Adult Safety Plan participant:
Identify who will notify child’s school and/or daycare provider of safety plan conditions, if applicable:
