April 22, 2020 – P.T 2020.04

Section 402.4 Application for License

- a) Application for license as a foster family home shall be completed, signed by the foster parent applicants, and filed with the Department of Children and Family Services by the supervising agency on forms prescribed by the Department. Applications submitted to the Department after July 1, 1995 shall be a complete application for a foster family home license, as defined in Section 402.2. - b) When a contractor with the Department or an employee of the State of Illinois seeks to become licensed as a foster family home, the study to determine compliance with licensing standards shall be provided by a licensed child welfare agency other than the Department and by persons who have no significant working relationship or personal relationship with the contractor or State employee. The home study shall be conducted by a qualified licensing representative and shall be reviewed and approved by a qualified licensing supervisor. (Supervisor requirements can be found in 89 Ill. Adm. Code 401, Licensing Standards for Child Welfare Agencies.) The home study shall require the licensing representative to have one scheduled initial on-site visit to determine if the home meets licensing standards. The licensing representative shall provide in writing how the applicants can meet standards, or why they cannot meet standards, for foster home licensure at that time.

LICENSING STANDARDS FOR FOSTER FAMILY HOMES

The licensing representative, with supervisory approval, shall have discretion on whether to interview or observe each household member based on his or her age and development.
 - 3) The licensing representative shall assess the applicant and the applicant's ability to communicate and effectively work with youth in care in conjunction with the youth's health care providers and other service providers.
 - 4) Before a final recommendation for licensure is made, applicants shall provide specific and signed assurances they understand and shall adhere to provisions of this Part that include, but are not limited to, corporal punishment, smoking, alcohol and/or drug use, and reasonable and prudent parenting standards.
- e) A new application shall be filed when any of the following occurs:

 - 3) when there is a change in the status of joint licensees, such as marriage, entering into a civil union, separation, divorce, dissolving a civil union, or death; or
 - 4) not sooner than 12 months after the Department has revoked or refused to renew a license, and a new license is sought.
- f) A new application may be submitted at any time, including following the denial of an application for license, except that when a license has been revoked or the Department has refused to renew a license, the licensee may not reapply for licensure as a foster family home for a period of one year after revocation or refusal to renew.

- c) Upon receipt of the application for license renewal, the supervising agency shall conduct a license study in order to determine that the foster home continues to meet licensing standards. The licensing study shall be in writing and shall be reviewed and signed by the supervisor and signed by the worker performing the study.
- d) *When a licensee has made timely and sufficient application for the renewal of a license and the Department fails to render a decision on the application for renewal of the license prior to the expiration date of the license, the existing license shall continue in full force and effect for up to 30 days until the final Department decision has been made. The Department may further extend the period in which such decision must be made in individual cases for up to 30 days, but such extensions shall be only upon good cause shown. [225 ILCS 10/5(d)]*
- e) As part of the renewal application, each foster family home applicant and member of the household 17 and older shall authorize criminal background checks in accordance with 89 Ill. Adm. Code 385 (Background Checks) and shall submit to fingerprinting, if fingerprints are not already on file with the Department, to determine if the individual has ever been charged with a crime and, if so, the disposition of the charges. In addition, members of the household ages 13 through 16 must authorize a SACWIS check and a check of the Child Sex Offender Registry.

LICENSING STANDARDS FOR FOSTER FAMILY HOMES

April 22, 2020 – P.T 2020.04

- B) Foster Children with Children
A licensed foster family home may receive an expanded capacity license to care for a maximum of eight children (including the foster parent's own children under age 18 and all other children under age 18 receiving full-time care) to allow foster children who are parents to bring their own children with them to live in the foster family home. The expanded capacity license is to allow the foster family home to accept more than six children, but does not exempt the home from compliance with the requirements of Section 402.15(b), regarding the ages of children in the home.
 - C) Respite Foster Care
A licensed foster family home may receive an expanded capacity license to care for a maximum of eight children (including the foster parent's own children under age 18 and all other children under age 18 receiving full-time care), if the home provides respite foster care. Any children received for respite care shall be counted in the maximum of eight children.

If more than six children under age 18 are residing in a foster family home as of December 31, 1997, the appropriateness of continuing in the foster care placement shall be evaluated for each child by June 30, 1998. The results of the evaluation shall be documented in the child's case record and a copy forwarded to the Department's local office of licensing.
 - 2) If the evaluation finds that the foster children are receiving adequate and appropriate care in the current foster family home and that remaining in the current foster family home is in the best interests of the foster children, the foster children may remain in the foster care placement, even if there are more than six children in the home (including the foster parent's own children under age 18 and all other children under age 18 receiving full-time care).
 - A) Foster parents are not required to obtain an expanded capacity license to continue to care for children already placed with them as of December 31, 1997, but may not accept additional foster children until the home complies with the requirements of Section 402.15.

LICENSING STANDARDS FOR FOSTER FAMILY HOMES

 - 3) If the evaluation finds that the foster children are not receiving adequate and appropriate care in their current foster family home or that remaining in the current foster family home is not in the best interests of one or more of the foster children, the affected children shall be moved to another appropriate placement. All such moves shall be made in a planned manner after prior notice has been given to the foster parents, as required by 89 Ill. Adm. Code 337 (Service Appeals Process).

- 1) Maximum Number of Children

A licensed foster family home may receive an expanded capacity license to care for a maximum of eight children (including the foster parent's own children under age 18 and all other children under age 18 receiving full-time care) in order to effect an adoptive placement.  - C) the foster family is otherwise in compliance with the licensing requirements of this Part and can meet licensing standards for the additional child or children; and
 - D) the foster family or supervising agency has requested, in writing, that the Director waive the limit of eight children under the age of 18 so that an additional child or children may be placed in their home for purposes of adoption.

The Director of the Department of Children and Family Services may waive in writing the age requirements in subsection (b), if necessary, to place a child in an adoptive home provided the criteria in subsection (c)(2) are met and there are a sufficient number of suitable adult caregivers to ensure that the children receive proper care and supervision.

Normalcy parenting empowers foster parents to make decisions about appropriate activities without seeking approval or consent from the caseworker or guardian. Foster parents must still seek consent in other areas where specific State or federal laws limit consent authorization. A foster parent is not liable for harm caused to a child in care who participates in an appropriate activity approved by the foster parent, provided that the foster parent has acted as a reasonable and prudent parent in permitting the child to engage in the activity.
- d) Foster parents shall provide the child with enrichment and expanded learning opportunities to explore a wide variety of interest areas to expand his or her knowledge of learning possibilities that may lead to the child's systematic and lifelong involvement in one or more interest areas. - e) Foster parents shall make every effort to preserve family ties between siblings, recognizing their need for stability and continuity of relationships, and the importance of sibling contact in the development of each child's identity. Foster parents shall help and support children in developing a relationship with their siblings, including siblings with whom the children do not yet have a relationship, and encourage and facilitate contact between the siblings.

The Illinois Cannabis Regulation and Tax Act and the Compassionate Use of Medical Cannabis Program Act regulate the possession, consumption and storage of recreational and medical cannabis. These Acts also contain limitations on the possession, consumption and storage of recreational and medical cannabis in or near licensed and unlicensed child care facilities, in vehicles and in the presence of persons under 21 years of age.

These Acts allow for an individual to use any type of cannabis and continue to be eligible for initial or renewal of licensure for any type of child care facility; this includes unlicensed relative foster homes and employees of any licensed and unlicensed child care facility.

These Acts provide numerous limitations on the use and possession of cannabis (which includes cannabis-infused products) as it relates to child care. For example, the Acts DO NOT PERMIT:

- Using cannabis in any motor vehicle; or
- Possessing (driver or passenger) cannabis in a motor vehicle except in a sealed, odor-proof, child-resistant cannabis container.

Any violation of these laws may subject the violator to civil or criminal penalties.

The Department must carefully review all relevant documents and obtain consultation from the Department's Clinical Division to make one of the following determinations:
