

## DOCUMENTATION OF INSPECTION OF SMOKE AND CARBON MONOXIDE DETECTORS IN FOSTER OR RELATIVE CAREGIVER HOME

Name of Foster Parent or  
Relative Caregiver \_\_\_\_\_

Yes    No

       Home contains any fuel burning equipment or has an attached garage?

*If yes is marked, the home is required to have carbon monoxide detectors and the boxes next to CO on the following questions should be checked. If no is marked, the home is not required to have carbon monoxide detectors and the boxes next to CO on the following questions should be left blank.*

       Home is equipped with a minimum of one smoke detector on every floor level, including basement and occupied attics.

\_\_\_\_\_    If no is marked, indicate the date the foster parent or relative caregiver installed a  
Date    smoke detector. (Five business days after inspection)

       Smoke and  CO detectors are present within fifteen feet of children's sleeping rooms.

\_\_\_\_\_    If no is marked, indicate the date the foster parent or relative caregiver installed a  
Date    smoke detector and applicable carbon monoxide detectors next to children's sleeping rooms. (Five business days after inspection)

       Batteries of smoke and  CO detectors have been tested and/or replaced if not functioning.

\_\_\_\_\_    If no is marked, indicate the date the foster parent or relative caregiver replaced  
Date    the battery. (Five business days after inspection)

Foster Parent or relative caregiver knows or has been instructed on how to check the smoke detector and applicable carbon monoxide detectors and has been advised to check all detectors batteries monthly.
