ADOPTION-ONLY HOMES

DATE: February 17, 2017

TO: DCFS and Private Agency Adoption and Licensing Staff

FROM: George H. Sheldon, Director

EFFECTIVE: Immediately

I. PURPOSE

This purpose of this Policy Guide is to inform staff of several amendments in Illinois law affecting “Adoption-Only Homes” made in **Public Act 99-833**. In the coming months DCFS will propose amendments and revisions to **Rules and Procedures 401, Licensing Standards for Child Welfare Agencies**. In the interim, this Policy Guide will serve as procedures necessary for the implementation of Sections 3.2 and 3.3 of this Public Act.

II. PRIMARY USERS

The primary users of this Policy Guide are Department and Private Agency adoption and licensing staff that provide adoption services and foster care licensing services.

III. SUMMARY OF LEGISLATIVE CHANGES

Public Act 099-833, effective January 1, 2017 amends Sections (2.08), (2.17), (2.23), (2.25), (7.4), (7.6) and adds Sections (3.2) and (3.3) of the Child Care Act of 1969 as amended. P.A. 099-833 further changes The Adoption Act by amending Section (10) and adding Sections (12.2) and (12.3).

IV. BACKGROUND

Effective January 1, 2017, an “adoption-only” home supervised by a licensed child welfare agency is no longer required to be licensed as a foster home by the Department.

“Adoption-only home” is defined as “*a home that receives a child placed by an Illinois licensed child welfare agency providing adoption services for the sole purpose of adoption. The child shall not be under the custody or guardianship of Department pursuant to the Juvenile Court Act of 1987. Such adoption-only homes shall not be required to be licensed as a child care facility under this Act, but shall be required to meet the requirements set forth in Section 3.2 of this Act.*” [225 ILCS 10/2.23]

In order to approve an adoption-only home, a licensed child welfare agency shall:

- *conduct a home study, which shall consist of a thorough assessment of any prospective adoptive parent's physical, mental, financial and emotional ability to successfully parent a child through adoption;*
- *obtain a criminal background check of all adult residents in the home pursuant to Section 3.3 of this Act*
- *obtain child abuse background checks of all residents in the home who are 13 years of age or over*
- *assess the health of all prospective adoptive parents and family members living in the home, as well as any other residents of the home*
- *assess the finances of the prospective adoptive parent or parents*
- *obtain character references for the prospective adoptive parent or parents;*
- *assess the safety of the adoptive home*
- *provide adoption education and training to the prospective adoptive parent or parents*
- *conduct a pre-placement home visit and post-placement supervision*

Agencies may impose any other reasonable requirements that the agency deems appropriate in approving an adoption-only home.

Agencies shall provide the adoptive parent(s) the Adoptive Parents' Rights and Responsibilities prior to the finalization of an adoption. This is available as **CFS 403-D, Adoptive Parents' Rights and Responsibilities in Illinois** and may be used by agencies to facilitate this requirement.

The agencies and institutions licensing representative shall document an agencies' compliance with these requirements on the **CFS 520**.

The following standards are intended to ensure the safety and protection of children who are voluntarily surrendered to a licensed child welfare agency ("agency") and placed into an adoption-only home.

See Part 402 Appendix A.

1. If an adult applicant or household member has an arrest or conviction record, the agency shall thoroughly investigate and evaluate the criminal history of the applicant or household member and, in so doing, include an assessment of the applicant's character and, in the case of the prospective adoptive parent, the impact that the criminal history has on his or her ability to parent the child; the investigation should consider the type of crime, the number of crimes, the nature of the offense, the age at time of crime, the length of time that has elapsed since the last conviction, the relationship of the crime to the ability to care for children, and any evidence of rehabilitation.

Types of verification may include income tax returns, W-2, pay stubs, accountant letter, etc. Applicants shall provide description of income sources, assets, liabilities, debts, and monthly expenses.
