

Annual High School Academic Plan Meeting

WHAT: The Annual High School Academic Plan (CFS 407 HS) is completed by the caseworker during the Annual High School Academic Plan Meeting at the start of each school year, August through October. Caseworkers are to convene a meeting where the student's academic progress is reviewed, problems/issues are discussed, and post-secondary planning is begun. The form is to be brought to the youth's next Administrative Case Review.

WHY: To ensure that all DCFS youth are prepared for post-secondary education, vocational training, or employment, and that they learn about the department's programs that support their plans. Academic problems or issues that are identified during this meeting will be addressed, and communication with school counselors, other relevant school staff is encouraged.

WHO: Caseworkers, youth, caregivers, school counselors and other relevant school staff should be included in order to fully address each youth's individual situation and plans. If youth has an IEP, is lacking credits, or has other specific educational issues, a NIU education advisor may be invited to participate in the meeting.
